25 Notable New Releases Over the Next Two Weeks

13 February 2023 | By Vulture Editors

Upside Downer, 2023

Warren Isensee

Delightful symmetry.

Miles McEnergy, 515 West 22 Street; through March 11.

Warren Isensee's tightly rendered wobbly shapes always seem to breathe with the pleasure of their own making, even winking at you over how strange their compressed state is. Bright colors and rich, creamy surfaces keep the eye moving in admiration of shape, scale, and texture. — Jerry Saltz
